

Boulevard™ Planters

Materials: Boulevard Wood & FRP Fiberglass Liner

Tournesol's environmentally-friendly Boulevard wood clads a robust FRP fiberglass liner to make a beautiful, long-lasting commercial-grade wood planter. Unlike other wood planters, Boulevard is designed for 25+ years of service. The wood cladding can even be deleted on sides where not needed - against a wall, butted up against another planter, etc.

- Boulevard Thermally-Modified wood has 25+ year resistance to decay, minimal moisture movement (twist, warp), and a natural deep color
- FRP fiberglass liner is durable, waterproof, and requires no assembly
- Available in wide variety of lengths, heights & widths
- Cladding system allows for 4-, 3-, 2- and 1- wood sides on planters
- Matching Trash Receptacles & Recyclers available

Boulevard™ Planters

BV-361836

BV-2400

Boulevard wood is an ecologically responsible wood that performs like exotic hardwoods. The thermally-modified ash (already used with our site furnishings and decking products) has a 25+ year life span (AWPA UC3B), is moisture stabilized, splinter, warp and twist resistant, and will naturally weather from deep brown to a beautiful, rich silver. See our website for further information about Boulevard wood's advantages and characteristics.

Boulevard™ Planter Options

Four standard cladding configurations for Boulevard Planters.

Boulevard Cap

The Boulevard Cap creates an add-on feature for standard Boulevard Planters. It presents a 3.5" lip around the top of the planter opening and attaches directly onto the top slats of the planter cladding.

There are two different designs for the cap:

- 4-sided planters
- 1-,2-,3- sided planters without scoops

This product will only fit Boulevard Planters that are 18" wide or wider. Standard wood cap is ash along with the rest of the planter. Custom wood varieties are available. The cap is not meant for supporting heavy weights for long durations.

Boulevard Cap Options

Planter Sides	Part. No.	Description
4-sided BV Planters	BVC-4S	For 4-sided BV Planters up to 48" Long
4-sided BV Planters	BVC-4L	For 4-sided BV Planters greater than 48" Long
3-sided BV Planters	BVC-3S	For 3-sided BV Planters up to 48" Long
3-sided BV Planters	BVC-3L	For 3-sided BV Planters greater than 48" Long
2-sided BV Planters	BVC-2S	For 2-sided BV Planters up to 48" Long
2-sided BV Planters	BVC-2L	For 2-sided BV Planters greater than 48" Long
1-sided BV Planters	BVC-1S	For 1-sided BV Planters up to 48" Long
1-sided BV Planters	BVC-1L	For 1-sided BV Planters greater than 48" Long

Note: Boulevard caps may also be produced with Ipe sides to match adjacent finishes.

BV-482424 3-SIDED (3L)

BV-482424 4-SIDED (4S)

Boulevard™ - Complementary Planters

The versatile Boulevard Planters have several complementary products. The **Boulevard Screen** combines a rectangular planter and VertiGreen trellis to create attractive, easy-to-install solutions for screening off unsightly views. Use our laser cut metal panels to create a wind screen or privacy panel. The planter integrates bracket pockets into the interior wall. Brackets mount to either a 3D trellis panel or laser cut windscreen or privacy panel. Available with a range of sizes, colors and screen sizes. See the Boulevard Screen detail sheet for more information.

Boulevard Screen

Weathering Steel, full Panel

Powder-Coated Steel Plank

Stainless Steel Plank

The popular Boulevard Thermally-Modified Wood Planters are also available with Stainless Steel, Weathering Steel or Powder-Coated Mild Steel side panels. Great for creating color accents, custom logos or unifying project themes with Weathering Steel or Stainless Steel options. Please contact your salesperson for details. See the Boulevard Mixed Media detail sheet for more information.
