

# Aquarian Collection

*Clean, unadorned elegance*

The traditional water-jar shape inspires the range of Aquarian Collection pots. Use a highly polished finish to get the feel of an asian ceramic planter, or go with a more rustic GFRC or textured FRP finish for an older, ancient feel. The Aquarian's elegant curves work in both commercial and residential spaces.

- Lightweight FRP fiberglass and GFRC are designed to be durable despite low weight - even for heavy-traffic locations
- Coordinates with our self-watering container irrigation products
- Metallic FRP finishes will naturally weather over time, like metal containers

Materials & Finishes - Metal Infused finishes (Aluminum, Bronze, Copper and Iron) combine the light weight and durability of FRP with the natural patina of real metal. The metal will oxidize naturally, depending on the location and condition of the installation. For those that love the look of the metal but want to keep the color the way it starts, we offer a Metal Matched Paint that simulates the color.

## Rounds Only

Part No.	Material	Exterior Size (top x bottom x ht)	Interior Size (top x bottom x ht)	Weight (lbs.)	Soil Volume (cubic ft.)	Matching Irrigation
QS-2448	FRP	24" x 14" x 48"	15" x 14" x 47.5"	39	7.5	CWI-1200/CWC-1300
