## TECNO RS SEATING SYSTEM

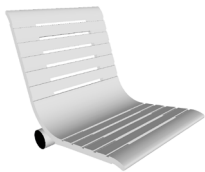

PRODUCT DATA

The **Tecno RS Seating System** offers stylish and extremely durable seating optimized for public transit and other high-use environments. Made from rugged die-cast aluminum, the system is based on a series of interchangeable components that all attach to a single beam. Three different seat styles and a multitude of configuration options make Tecno RS ideal for a diverse range of applications.

### MATERIAL & CONSTRUCTION DETAILS

#### SEAT MATERIALS & CONFIGURATIONS

- Backed, backless, and perch seats are made of die-cast aluminum with powdercoat finish.
- Backed seats intended for indoor use only are also available with upholstery. Upholstered seats consist of an internal steel frame with resilient webbing suspension and molded foam core. Please call to discuss upholstery material and color options.
- Standard benches are configured in lengths of two to five seats. Longer lengths are available on a custom basis.
- Individual bench units can be joined together to form long, continuous rows. A back-to-back linking element is also available.

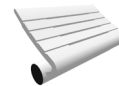

**Backed Seat**  
powdercoated die-cast aluminum

**Backed Seat**  
upholstery with internal steel frame

**Backless Seat**  
powdercoated die-cast aluminum

**Perch Seat**  
powdercoated die-cast aluminum

**Back-to-Back Linking Element**  
powdercoated steel

#### MOUNTING LEG OPTIONS

- Cylindrical mounting posts are made of die-cast aluminum and are available for surface mounted backed and backless benches. Standard mounting uses a 10" (254 mm) steel base plate with decorative stainless steel cover. An alternative surface mounting option uses a single 16 mm adhesive-set threaded anchor.
- "V" Legs are made of die-cast aluminum and are available for freestanding or surface mounted backed and backless benches. Backless benches use a symmetrical "V" Leg; backed benches use an asymmetrical "V" Leg for correct weight distribution. Adjustable glides are included for freestanding models.
- Perch legs are available for surface mounted perch benches. Tubular construction allows leg height to be varied to suit varying requirements. Standard mounting uses a 10" (254 mm) diameter steel base plate with decorative stainless steel cover.
- Wall mount brackets are made of steel and are available for wall-mounted backed, backless or perch benches to a suitable substrate. Please call to discuss design and engineering considerations.

**Cylindrical Mounting Post**

#### OPTIONAL OPTIONS

- Optional die-cast aluminum armrests can be specified in a full powdercoat finish or in a partial powdercoat finish with clear-coated polished aluminum upper surface.
- Angled and horizontal armrests are available for backed benches; low-profile horizontal armrests are available for backless benches.
- Armrests are can be mounted between seats or at bench ends.

SBTRS-5P-PB	3	101.2" (2570 mm)	20.1" (510 mm)	10.1" (257 mm)	33.9" (860 mm)	28.3" (718 mm)	40.5" x 2

NOTE: External armrests add 7" to overall length.

### ENVIRONMENTAL CONSIDERATIONS

- Please refer to the Tecno RS Seating System Environmental Data Sheet for detailed environmental impact information.
- All components are fully recyclable.
- Standard powdercoat finishes are no-VOC; non-standard powdercoat finishes are no- or low-VOC, depending on color.
- Low maintenance.

### MODEL NUMBERS AND DESCRIPTIONS

MODEL	DESCRIPTION
SBTRS-2B-C	Tecno RS Seating System, 2 die-cast aluminum seats, backed, cylindrical mounting post
SBTRS-3B-C	Tecno RS Seating System, 3 die-cast aluminum seats, backed, cylindrical mounting post
SBTRS-4B-C	Tecno RS Seating System, 4 die-cast aluminum seats, backed, cylindrical mounting post
SBTRS-5B-C	Tecno RS Seating System, 5 die-cast aluminum seats, backed, cylindrical mounting post
SBTRS-2B-CB	Tecno RS Seating System, 2 die-cast aluminum seats, backed, cylindrical mounting post with base plate
SBTRS-3B-CB	Tecno RS Seating System, 3 die-cast aluminum seats, backed, cylindrical mounting post with base plate
SBTRS-4B-CB	Tecno RS Seating System, 4 die-cast aluminum seats, backed, cylindrical mounting post with base plate
SBTRS-5B-CB	Tecno RS Seating System, 5 die-cast aluminum seats, backed, cylindrical mounting post with base plate
SBTRS-2B-V	Tecno RS Seating System, 2 die-cast aluminum seats, backed, "V" leg for backed seat
SBTRS-3B-V	Tecno RS Seating System, 3 die-cast aluminum seats, backed, "V" leg for backed seat
SBTRS-4B-V	Tecno RS Seating System, 4 die-cast aluminum seats, backed, "V" leg for backed seat
SBTRS-5B-V	Tecno RS Seating System, 5 die-cast aluminum seats, backed, "V" leg for backed seat
SBTRS-2B-WM	Tecno RS Seating System, 2 die-cast aluminum seats, backed, wall mount
SBTRS-3B-WM	Tecno RS Seating System, 3 die-cast aluminum seats, backed, wall mount
SBTRS-4B-WM	Tecno RS Seating System, 4 die-cast aluminum seats, backed, wall mount
SBTRS-5B-WM	Tecno RS Seating System, 5 die-cast aluminum seats, backed, wall mount

### PRODUCT OPTIONS

The following options are available for an upcharge

Back-to-back bench linking element	Upholstered seat configurations (available for backed seats only)
Angled armrest for backed benches	Premium Texture Colors from Forms+Surfaces Powdercoat Chart
Horizontal armrest for backed benches	Custom RAL powdercoat color
Low-profile horizontal armrest for backless benches	

**TO ORDER SPECIFY:** Quantity, model, mounting option, seat material, armrest style (if applicable), powdercoat color, and linking element.
