AVIVO™ BAR TABLE

PRODUCT DATA

Avivo Bar Tables bring a distinctly F+S point of view to café seating. Tables frames are beautifully detailed aluminum with a powdercoat finish. Top options include powdercoated aluminum with or without perforation patterns; VividGlass; and FSC® 100% Cumaru hardwood slats. Blending modern aesthetics with versatile design options, the Avivo family also includes coordinating barstools, chairs and tables—a perfect fit for hospitality, healthcare, and indoor and outdoor gathering spaces of all kinds.

MATERIAL & CONSTRUCTION DETAILS

TABLE FRAME

- Table frame of extruded aluminum has cast aluminum legs; frame and legs have a powdercoat finish. Frame includes an integral foot support..
- See the Forms+Surfaces Powdercoat Chart for details. Custom RAL colors are available for an upcharge.
- All Forms+Surfaces powdercoat colors have been formulated to be ultra-durable for improved long-term wear and resistance to weathering. Our powdercoat colors are also anti-graffiti, allowing marks from paint, permanent markers, and dirt to be easily removed.
- Due to the inherent nature of metal castings, gloss powdercoats are not offered for cast components.

UMBRELLA HOLE

- Table tops may be specified with or without a center hole to receive a 1.5" (38 mm) - 1.75" (44.5 mm) diameter umbrella pole. When an umbrella hole is specified, a nylon collar and cap are included.

TABLE TOP INSET OPTIONS

- Table top is 30x90" with three 30x30" insets.
- Aluminum insets can be solid or perforated in one of three standard patterns: Riva, Stella, or Vento and will be powdercoated to match the frame.
- FSC® 100% Cumaru hardwood slats have a natural oiled finish that enhances the wood's rich color (FSC License Code: FSC-C004453).
- Glass insets can be clear glass, ViviGraphix Graphica laminated glass in one of three standard patterns: Shadow, Shift, or Palisade, or can be customized using our vast VividGlass line. All glass insets are tempered.

INSTALLATION & MAINTENANCE

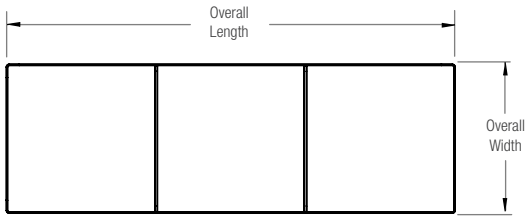
INSTALLATION

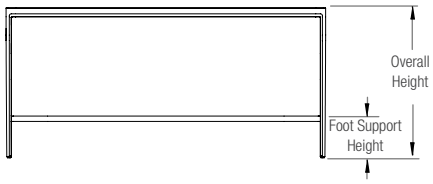
- Tables can be freestanding with nylon leveling feet or surface mounted.
- Surface mount models include stainless steel mounting hardware.

MAINTENANCE

- Metal surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Avoid abrasive cleaners.
- FSC® 100% Cumaru hardwood slats can be maintained by re-oiling as needed with linseed oil. Avoid abrasive cleaners and spray polishes.
- VividGlass surfaces can be maintained using standard commercial, non-streaking cleaners and polishes formulated for use on glass.

NOMINAL DIMENSIONS





MODEL	OVERALL WIDTH	OVERALL LENGTH	OVERALL HEIGHT*	FOOT SUPPORT HEIGHT	WEIGHT
STAVO-B3090W	30.0" (762 mm)	90.0" (2286 mm)	42.3" (1074 mm)	10.3" (262 mm)	144.8 lbs (66 kg)
