FACTOR™ CHAIR

PRODUCT DATA

Factor Chairs and Tables unite clean lines, simple geometry, and go-anywhere versatility. This highly configurable family plays on the idea that multiple individual factors contribute to making a whole. In this case, you can select and combine different Factor factors in different ways to meet project-specific goals. A variety of chair materials and styles, square tables with a choice of wood or aluminum tops, and standard and custom powdercoat colors are among the options that make customization easy. In addition, the line's refined good looks and solid construction add up to beautifully durable designs that can be used across a property – from indoors to outdoors and anywhere in between.

MATERIAL & CONSTRUCTION DETAILS

INSTALLATION & MAINTENANCE

| FRAME | SEAT & BACK CONFIGURATION OPTIONS | INSTALLATION |
|---|--|--|
| <ul style="list-style-type: none"> • Frames and optional armrests are powdercoated tubular stainless steel. • See the Forms+Surfaces Powdercoat Chart for details. Custom RAL colors are available for an upcharge. • Due to the inherent nature of metal castings, gloss powdercoats are not offered for cast components. | <ul style="list-style-type: none"> • Chairs with seat and back of powdercoated formed aluminum are available with or without Verve perforation pattern. • Chairs with powdercoated cast aluminum back are available with seat slats of FSC® 100% Cumaru or FSC® 100% Teak hardwood. • Hardwood slats have a natural oiled finish that enhances the wood's rich color. (FSC License Code: FSC-C004453) | <ul style="list-style-type: none"> • Factor Chairs are freestanding with nylon glides. |
| STACKING | | MAINTENANCE |
| <ul style="list-style-type: none"> • Chairs can generally be stacked to a height of four units, depending on surface levelness, winds, and other conditions. • Chairs with and without arms can be stacked together. | | <ul style="list-style-type: none"> • Metal surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Avoid abrasive cleaners. • Cumaru and Teak hardwood can be maintained by re-oiling as needed with Penofin® hardwood finish or similar products. |
